Coaches' Tool Chest Renewing Vital Partnership with Cincinnati Children's Hospital Medical Center to Elevate Coach Education

Cincinnati, OH July 8, 2026 – Coaches' Tool Chest is proud to announce the renewal of its strategic partnership with Cincinnati Children's Hospital Medical Center (CCHMC), a recognized national leader in pediatric sports medicine. This renewed collaboration ensures that interscholastic coaches will continue to receive the highest standard of medically sound, evidence-based education to protect and support student-athletes.

Through this continued partnership, sports medicine experts from Cincinnati Children's will collaborate with Coaches' Tool Chest to review, refine, and update educational modules. The curriculum covers critical health and safety topics, including concussion management, heat illness prevention, sudden cardiac arrest, and injury prevention strategies. By combining CCHMC's world-class clinical expertise with Coaches' Tool Chest's innovative training platform, the initiative provides coaches with the actionable knowledge required to handle both daily player wellness and emergency situations.

> "Renewing our partnership with Cincinnati Children's Hospital Medical Center allows us to keep the highest caliber of medical expertise at the core of our curriculum," said Jan Wilking, Partner with Coaches' Tool Chest. "Coaches are often the first line of defense when it comes to athlete safety. By working alongside a national powerhouse in sports medicine, we are empowering coaches with the trusted, up-to-date tools they need to keep kids safe on the field, court, track and in the pool."

With sports injuries remaining a leading cause of emergency room visits for adolescents, the need for standardized, expert-approved coach education is more critical than ever. The joint effort streamlines compliance with state safety mandates while delivering engaging, easily digestible training modules that fit into a coach's demanding schedule.
